BSE CONSULTING – STRUCTURAL ENGINEERS

Leaders in straw and earth engineering design

We are inspired to fight mediocrity in residential engineering design.

Our business is the accessibility of straw and earth building technologies.

Our service is the demonstration of National Construction Code (NCC) compliance of all types of straw and earth structures through engineering design and NCC Performance Solutions.

Contact us for structural engineering and NCC Performance Solutions with guaranteed acceptance by councils and consent authorities.

Office: 08 8390 3150

STRAW.COM.AU

Specialising in rice straw bales for house building

Family business with 32 years growing and baling straw on our own farms at Coleambally NSW. Building bales are tight, uniform, rice straw bales. Bale dimensions: 800–850mm long, 450mm wide and 365mm high. We take pride in a quality building product, delivered to your site at a competitive price.

All loads of building bales completely covered and guaranteed weather damage free.

We can supply to NSW, SA, Victoria and Tasmania.

Contact Trent to discuss your needs on 0427 546 124 or sales@straw.com.au

BEST THING FOR YOUR DOORS – EVER!

www.ecoMasterStore.com.au

Draught dodgers for doors, double hung and awning windows are the 'ants pants' and 'cats pyjamas' in sealing off unwanted draughts.

As an expert problem solver, ecoMaster came up with a perfect seal that blocks draughts from your doors and windows – forever!

Say goodbye to draughts and bring year-round comfort... and save heaps on your energy costs.

Video instructions even a child can follow!
#noexcuses
