Catalogue and photo album CD - \$35.

AUSBALE

www.ausbale.org

The Australasian Straw Bale Building Association is an organisation that promotes the use of straw bale construction as a sustainable building material. Ausbale aims to exchange information, facilitate research and development of straw bale construction and to represent the Australasian straw bale building community.

For information contact:
Bohdan Dorniak, President
08 8344 8170, bdco@adam.com.au

TIMBER FRAMES OF AUSTRALIA

Modern Efficiency - Timeless Tradition

www.timberframes.com.au

We use traditional mortice and tenon joinery in our frames for homes, verandahs, pergolas, bridges etc. We have access to a variety of timbers from recycled to new. Our frames are individually designed or choose from our cottage frame range. Complementary products include doors and windows all made using mortice and tenon joinery. Our work takes us all over Australia. Have a look at our website.

Peter & Isabelle Harwood,
ph 08 8390 3150, fax 08 8390 3972

VICTORIA
